On 2 March 2009 Eurocopter delivered OY-HJA to the owner Helicopter Transportation Group (HTG) who has leased OY-HJA to DanCopter A/S.

The director of HTG, Ib Sørensen, congratulates DanCopter's pilot and Head of Training, Jan Petersen, with the new machine.

After the formal handover and review of the documents and after receiving the temporary flight permission from SLV we could finally, on 4 March, head back for Esbjerg.

Jan and Simon start the flight from Marignan.

Flying across Europe...

Cologne!

After 4 hours and 58 minute's flight we landed at Esbjerg Airport...
