

**DanCopter**

# DanCopter Safety Policy.

Our Safety Policy consists of a Safety Vision and a series of Safety Commitments. It is supported by a series of Safety Beliefs and Safety Expectations.

Our safety vision is to continuously develop our safety culture to sustain accident free operations.

## Our organisation commits to:

- Visibly show that we value safety and are committed to our safety vision.*
- Continuously improve our Safety Management System and actively manage change.*
- Reduce risk to As Low As Reasonably Practicable.*
- Involve all employees and others in safety management.*
- Ensure sufficient trained and competent staff are available.*
- Clearly define to all staff their own safety accountabilities and responsibilities.*
- Consider safety when we select our contractors and purchase products.*
- Always comply with or exceed all regulatory requirements and standards.*

## We believe:

- Safety is a core value, in both business and personal activities.*
- All accidents and incidents are preventable.*
- We will be a better organisation by making safety excellence an integral part of all our activities.*
- We must strive for continuous improvement, raising standards and achieving excellence.*
- Everyone has a responsibility for safety.*
- Open and honest communication and facing the facts is essential.*

## It is expected that we individually commit to:

- Accept accountability for our own decisions, behaviour and safety performance.*
- Understand our safety vision, commitments, beliefs and expectations.*
- Take responsibility for our own safety and the safety of those around us.*
- Increasing the safety knowledge of others by being an open and active teacher.*
- Listening to others safety concerns.*
- Promptly taking action and intervening whenever necessary.*
- Striving to be a safety role model and a safety leader.*
